KPIT | SPARKLE**Mobility
& Energy
for the
Future****Dear Innovator,****Congratulations!!!****You have made it to the top 100.**

Your project INSP23000080 has been selected in the Top 100 ideas of KPIT Sparkle 2023. This is an incredible milestone. Out of thousands of groundbreaking ideas we evaluated, your idea made us believe that it can change the future of energy and mobility.

It is an incredible start to your journey of innovation. Now is the time to take your project to the next level by working towards developing a full-scale prototype for the next round of evaluation, which is pre-finale. To assist you during this period, we will conduct webinars, and provide feedback periodically. We will be in touch with you through email and phone.

Along with this contest, you have 3 opportunities for your future journey:

1. Employment with KPIT
2. Entrepreneurship through Incubation
3. Technology transfer

We will discuss more about this in the upcoming webinars. Stay tuned!

Once again, congratulations and get ready for pre-finale round which is scheduled in the last week of November.

Thanks and Regards,
TEAM KPIT Sparkle 2023
